And promised then

The man returned the hole.

"United For Life"

Quite recently a paper headed the write up of a wedding with "United For Life." One hopes that such may prove to be the case, but having in mind the many marriages that do not last, it does not do to be over certain about the continuity of the wedding state. It reminds one of the half-witted, yet shrewd man, that interrupted a clergyman in the midst of a funeral service. Eulogizing the dead man, the minister said, "Our brother is now in heaven." "Hold on," exclaimed the interrupter, "you mustn't say that, you should say, 'we hope our brother is in heaven.'" And so in these days with marriages, it does not do to be too positive as to their duration, but it is in order to hope that every right marriage may last throughout life.

SENATOR W. O. BRADLEY

Temporary Chairman of State Convention—Taft Forces Have Things Their Own Way

The Republican State Convention was organized at noon yesterday at Louisville.

A summary of the various districts shows that the supporters of President Taft easily predominate and that the delegates-at-large will be instructed to vote for the Chief Executive at the National Convention in Chicago.

Seven out of the eleven Kentucky districts are overwhelmingly for Taft, while in the Tenth the delegates are evenly divided. In the Eighth contests are to be settled, but even should they be decided against the Taft followers they still will retain control of the convention.

The total vote in the State Convention is 2,356.

At the meeting of the Republican State Central Committee a temporary organization was effected.

Senator William O. Bradley was elected Temporary Chairman of the convention and Samuel J. Roberts Temporary Secretary.

When the convention was called to order it was plainly evident that the Taft forces outnumbered the Roosevelt men four to one.

Chairman Bradley appointed the following members of the committees from the state-at-large:

Vice Chairmen—Charles Blandford, Breckinridge county, Captain Nat Howard, Butler county.

Rules—W. J. Deboe, Crittenden county, Thompson Burns, Madison county.

Credential—M. L. Galvin, Covington, E. S. Helburn, Bell county.

Permanent Organization—H. S. Vanzant, Metcalfe county, W. J. Seitz, Morgan county.

Resolutions—W. H. Cox, Mason county, J. A. Dean, Daviess county.

The following have been decided on as members of the "Big Four" and undoubtedly will be chosen by the convention:

Senator William O. Bradley.

William D. Cochran of Maysville.

Judge James Breathitt of Hopkinsville.

Pure Apple and Peach Brandies. Full quart \$1 at Diener's Place.

FOR PRESIDENT,
WILLIAM HOWARD TAFT.

NOTICE TO DELINQUENTS.

Owing to the fact that many of our subscribers on the Rural routes are dropping behind in their accounts and the amounts thus continue to increase from month to month, and that a large number of them ignore our repeated demands for a settlement, we have tired of sending THE PUBLIC LEDGER this way and then realizing nothing in return. Besides, it is very expensive to us and a violation of the postal laws; therefore we will send another statement to each delinquent and then take such legal action necessary to get what is due us and at the same time meet the requirements of the Postoffice Department. Respectfully,
A. F. CURRAN.

It is music to the Democrat's ear to hear the Colonel roar.—San Antonio Express.

Those Governors seem to have played "seven down" instead of "seven up."—Memphis Commercial Appeal.

You hear men speak of certain things as appetizers. Men do not need appetizers; what we need is something to dull appetite.

The surprising antics of the Democrats in Congress indicate that they will need but a single plank in their national platform, viz: "nothing to win."

The New York Assembly, by a vote of 85 to 58, has rescinded the action of the Democratic Assembly of last year in ratifying the Federal income tax amendment. The Senate action is in doubt.

It is discouraging to see 80 Republican members in the House helping the free trade Democrats out of a hole in passing the excise income tax bill. They should let the Democrats have all the credit for such legislation.

In a discussion of the high cost of living, the San Francisco Chronicle concludes that it is mainly the result of a universal raising of the standard of living. This is probably the fact, and perhaps volumes could not say more.

"Kentucky," says Senator Bradley, "is a Republican state, and I believe that it will be carried by President Taft in case he is nominated, as I do not believe there is anything in the assertion that the Roosevelt men in Kentucky will bolt the ticket in case Taft is named."

In view of the reported plan of the war department for using the National Guard or militia in connection with a possible occupation of Mexico, Attorney General Wickersham rules that they can be called out by the President for three causes only: First, to execute laws of the Union; second, to suppress insurrection; and third, to repel invasion.

Two manufacturers—Frank C. B. Page of Brooklyn, and Walter L. Stein of the Primar Chemical Company of Philadelphia—who appeared before the Senate finance committee to protest against the Democratic steel revision bill, said that in the event of a revenue tariff in the United States they would leave this country and re-establish their business abroad.

We feel justified in appealing to the Roosevelt leaders—Judge O'Rear, Leslie Combs, Matt Holt and others—to see the wisdom of yielding to the inevitable. The nomination of Taft is as certain as anything can be politically. It is then a waste of energy and a perpetuation of factionalism to no purpose to keep up a losing fight. The hope of success in November demands an effort now to pave the way for a solidification of the party forces.—Louisville Herald.

On the night Mr. Roosevelt announced his candidacy, Mr. Taft said:

"I know that we are right, and I am confident that we will be successful."

From Washington down to Taft, but two ex-President's have expressed a willingness or made an effort to break the precedent set by "The Father of Our Country."

On March 4th, next, Mr. Taft will have served four years, which four years constitute his first term; and the wise precedent which grants a President a second term will not be broken in this instance.

"The wise custom which limits the President to two terms regards the substance and not the form, and under no circumstances will I be a candidate for or accept another nomination."—T. R., November 8, 1904.

If you feel like getting mad about "Teddy" or Taft put on the soft pedal and be moderate. The Republican party will need your co-operation next summer and fall. The party is bigger and more important than any of us. Let's keep cool.—Joplin (Mo.) News-Herald.

A few years ago the free traders predicted that tin plate could not be successfully manufactured in this country. Now our tin plate manufacturers fully supply the domestic market at lower prices than were formerly paid to the foreign manufacturers, and are also shipping considerable quantities to Canada, Mexico, China, Japan, India, Cuba and Argentina.

What the London Times said recently about the British coal strike we hope will not apply to the attitude of the coal miners in this country. "The miners insist on unconditional surrender, and the weapon with which they seek to enforce it is the power they possess of inflicting ruin and misery upon the whole community, but particularly upon the poorer and weaker classes."

President Taft undoubtedly is gaining ground over the entire country and the people are awakening to the fact that he has accomplished many things. I think that the victory in Kentucky may be taken as a fair indication of the great strength which he has gained of late. It is a strength that has its foundation in the approval of the people.—Senator W. O. Bradley.

In a convention of United Mine Workers in Illinois, its president called the Illinois Supreme Court "a court of judicial jackals," because the court had declared a law unconstitutional which provided that a concern or individual against whom a strike had been declared could not import a laborer from another state without informing the laborer that a strike was in progress.

The supporters of Governor Woodrow Wilson are still claiming that he will have 800 votes on the first ballot for the presidential nomination in the Baltimore convention, which, under the two-thirds rule, will give him the nomination. But at this time (March 20) of the 74 Democratic delegates thus far chosen, he has only ten delegates, which constitutes one-half of the divided Oklahoma delegation. All the others are for Champ Clark. Maine Democrats have elected an uninstructed delegation.

THE BYPLAY MINSTRELS.

"Mr. Interlocutor, can you tell me how many legs a horse has?"
"Why certainly, Mr. Bones. A horse has four legs."
"No, Mister Interlocutor, a horse has six legs."
"And how do you figure that a horse has six legs, Mr. Bones?"
"He has forelegs in front and two legs behind."
"Mr. Suffryn Catts will now render that beautiful ballad entitled, 'I've Never Loved Him Since I Washed His Rocks.'"

Timothy Barrett of Pittsburgh, Penn., is the proud possessor of a miniature model of the steamer Allegheny, the first packet that ran between Pittsburgh and Cincinnati. Barrett found the relic several days ago while cleaning house.

Pains All Over!
"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

TAKE CARDUI The Woman's Tonic
Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.
You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

WHO & WHO—and Why

FAMED AS A SOCIAL WORKER

When Katherine Bement Davis is
at home at Bedford, N. Y., she super-
intends the State Reformatory for
Women, where bad girls are made
over into good ones. The making over
is a long, hard and difficult process
and some two years ago Miss Davis
felt that she must have a rest. So
she applied for a leave of absence and
sailed for Italy, sure that long days
of idleness in that sunny clime would
bring her the relaxation she so sorely
needed.

While she was in Syracuse, there
came the horror of the Messina
earthquake. A few hours later, refu-
gees from Messina began to arrive in
Syracuse. Wounded; frightened al-
most to a state of insanity; covered
at best with one or two scant gar-
ments; homeless; destitute and hun-
gry, men, women and children poured
into the city. Many travelers quietly
packed their grips and departed.

Within a few days four thousand
refugees had arrived, one thousand of whom were wounded. Every hospital
in the town was full to overflowing; the barracks, halls and every available
building received their share of the injured. It was not Miss Davis' affair;
she is an American. Besides, she was traveling for rest and pleasure. But
she did not pack her grip. Instead she sorted out its contents and, appropri-
ating everything that might answer as bandages, set out for the hospitals.
For a few days she worked there, cleansing and dressing wounds, trying to
see that patients received food and doing anything that seemed likely to re-
duce the prevailing confusion and misery. Then help arrived. The German
Red Cross of Berlin and the Italian of Brescia came to Syracuse and took
over the hospitals. Within a day they had worked such a transformation that
Miss Davis felt that she might effect more good elsewhere.

She went out into the streets, where she continued her relief work.
America and Italy have both shown approval of Miss Davis' method of
"butting in."

TO PHOTOGRAPH SEAL HUNTING

Harry Whitney, the sportsman who
wintered with the most northern Es-
quimaux that he might go hunting
into the muskox country and then re-
turned on board the steamer Roose-
velt when Commodore Peary came
back from his successful trip in quest
of the pole, sailed from here the other
day on a sealing trip with Capt. Robert
A. Bartlett.

Mr. Whitney carried with him a
motion-picture apparatus with which
he expects to get photographs of
scenes connected with seal hunting.
As far as known no one has ever un-
dertaken this feat. Captain Bartlett,
who commanded the Roosevelt, has
managed many successful sealing
trips to the north.

Mr. Whitney said of his plans on
the present trip: "That all depends of
course on our luck. The Neptune will
accommodate a cargo of 35,000 seals,
but whether we will be lucky enough
to bring back as many as that of
course we can't say, but I am prepared for almost anything that may
happen."

"With this motion picture apparatus I hope to get some good views. Not
only do I hope to be able to get pictures of the actual scenes attendant upon
the sealing, but pictures of the ship in the ice and many things of interest
incidental to the trip. I have with me 20,000 feet of film and I hope I will not
spoil it all."

WOMAN WHO AIDS RUSS GIRLS

Anna Maria Krapidinski, special
agent of the Russian government
from Warsaw, Russian Poland, left
Chicago the other day after gathering
statistics through the medium of the
immigrants' Protective league and
the Juvenile Protective association.
She was detailed to investigate the
conditions under which immigrant
girls are cared for by the United
States authorities after their arrival
at Ellis Island.

She has a clear conception of the
necessities of the situation. A yearly
average of 1,800 immigrant girls rou-
ted out of New York for western
points, most of them traveling via
Chicago, are lost en route.

Mme. Krapidinski said in an inter-
view with a reporter:

"Conditions are so serious despite
the great generosity of public spir-
ited men and women in the United
States that it is evident the problem
is one not to be adequately handled
by private effort. It will require a vast amount of work.

"There must be government co-operation and control of a situation that
results in figures so ghastly as those shown in the toll of missing girls that
start from New York for Chicago and never reach here.

"It is evident that these disappearances are not accidental. It is plain
that the girls do not fall off the trains and lose themselves. It would be far
better if they did. The neglect that has permitted white slave traffic to
secure so firm a grip on the immigrant traffic of this country is not alone a blot
on the fair name of the United States. It is as well a blot on the name of gov-
ernment of Russia."

QUEEN MARY STARTS A CULT

Owing to the incentive of Queen
Mary, who is a devotee of the needle,
the cult of stitchery prevails in so-
ciety to an amazing extent. Every
other woman one meets is talking of
needlework and the craft of the
needle; it is a sort of obsession. The
mysteries of satin stitch, padded and
otherwise, of crewel work, braid
work, couching, herringbone, button-
hole and French knots are discussed
by everybody. When Queen Mary
came back from India and the Dur-
bar she found society as keen on
needlework as it used to be on bridge.

One of the cleverest needleworkers
is Lady Glenconner (sister-in-law of
Mrs. Asquith), who makes her own
designs and has original ideas for
decoration. She is fond of big, bold
patterns in vivid colors and has
worked many bedspreads and cover-
lets in William Morris patterns.
There is a splendid specimen of her
work at Wilford Manor, Salisbury, on
a slender mahogany bed of a very old type. She likes best to copy old de-
signs and says she considers if women of today piled the needle more fre-
quently they would be less restless in this feverish hurrying age.

FARMERS

Should Take Same Pride in Beau-
tiful Roads That Railroad
Companies Take in
Their Property

The Ohio Department of Agriculture is
waging war on weeds. Public roads and rail-
roads often furnish breeding ground for
weed seeds. Farmers are taking more pride in
the appearance of their homes and fields, but are
often discouraged by the neglect of officials
to destroy weeds along railways and highways.

Stagnant pools are unsightly and incubators
of disease. Mosquitoes and malaria thrive
there. Dilapidated fences inspire no good
will of the people toward men whose duty it
is to keep them in repair. Eye-sores should be
eliminated along all routes of travel.

Civic pride ought to lead to these reforms.
Public spirit is a virtue that ought to bless
railway officials and township trustees.

We should be good without the law making
us good. Some railroads have beautified their
station grounds with shrub and flowers.

Many railroads are improving the appear-

ance of the right-of-way. Weeds and green gum
pools are eliminated and fences painted.
More shrubs and flowers ought to be grown.

Railroads could look good in a new dress.
A thing of beauty is always appreciated. The
traveling public would applaud. Farmers
should insist that road supervisors be diligent
in taking care of the roads.

MAYSVILLE CITIZENS GLADLY TESTIFY AND

CONFIDENTLY RECOMMEND DOAN'S

KIDNEY PILLS

It is testimony like the following that has
placed Doan's Kidney Pills so far above com-
petitors. When people right here at home
raise their voice in praise there is no room left
for doubt. Read the public statement of a
Maysville citizen:

Mrs. Dora Mefford, Maysville, Ky., says:
"Doan's Kidney Pills did me a lot of good and
I am glad to tell about it. I had been feeling
poorly for some time, before I knew that my
kidneys were at fault. I was nervous and
dizzy and my back and head ached. I rested
poorly and mornings I was all tired out. I
read in a local paper how a neighbor had been
cured of kidney trouble by Doan's Kidney
Pills. I used them, and before long I was en-
tirely better. I was able to sleep well and they
improved my health."

For sale by all dealers. Price 50 cents.

CHILDREN AFFECTED

By Mother's Food and Drink

Many babies have been launched into life
with constitutions weakened by disease taken
in with their mother's milk. Mothers cannot
be too careful as to the food they use while
nursing their babies.

The experience of a Kansas City mother is
a case in point:

"I was a great coffee drinker from a child,
and thought I could not do without it. But I
found, at last, it was doing me harm. For
years I had been troubled with dizziness, spots
before my eyes and pain in my heart, to
which was added, two years later, a chronic
sour stomach.

"The baby was born seven months ago, and
almost from the beginning, she too suffered
from sour stomach. She was taking it from
me."

"In my distress I consulted a friend of more
experience and she told me to quit coffee; that
coffee did not make good milk. I have since
ascertained that it really dries up the milk.

"So I quit coffee and tried tea and at last
cocoa. But they did not agree with me. Then
I turned to Postum with the happiest results.
It proved to be the very thing I needed. It
not only agreed perfectly with baby and my-
self, but it increased the flow of my milk.

"My husband then quit coffee and used
Postum and quickly got well of the dyspepsia
with which he has been troubled. I no longer
suffer from dizziness, blind spots, pain in my
heart or sour stomach.

"Now we all drink Postum from my husband
to my seven months' old baby. It has proved
to be the best food we have ever used.
We would not give up Postum for the best
coffee we ever drank." Name given by

Inspiring Sermon

Dr. J. A. Lewis last night preached to a large audience at the Forest Avenue M. E. Church. The subject of his sermon was "The Philosophy of Life." Dr. Lewis could be called the sentence sermon preacher as his sermons are filled with burning sentences.

"A man never truly lives until he sets his back on sin and faces God. The devil is the only one who can dance to the music of sin and hell. A man can yell himself hoarse at a political meeting for some old degenerated, blind-eyed, rum soaked ward heeler and it is in order, but let him clap his hands and praise God in a revival meeting he becomes a Holy Roller or a crank. Boys don't start down hill before you put on the brake. I am glad to see so many men coming to these meetings. When ever a man makes up his mind to get right with God, he'll always find his wife ready."

Dr. Lewis' subject tonight will be "The Wage the Devil Pays." Come and see what you are getting for your labor. Good singing preceding every service.

A SEVERE JOLT

Given a Large Crowd of Baseball Enthusiasts Here This Morning

Those "rooters" who had laid aside business and cares for today and had made all preparations to go to Cincinnati to see the opening game between the Cincinnati and Chicago teams in the big league received a heavy jolt when they were informed that all trains were from two to five hours late and the Maysville accommodation had gone.

A westbound freight on the Chesapeake and Ohio had a mishap in Lewis county, and seventeen loaded cars were piled up in a congested mass of wreckage, completely blocking both tracks, four of the cars turning end over end to make sure of completing the trip.

All westbound passenger trains are on the other side of the wreck and will be from two to five hours late—maybe more.

Both wrecking crews are at work clearing the track, but as considerable damage was done to the rails and ties it will make the financial loss very heavy.

No one was injured as far as can be learned.

NATURE'S ESSENCE...Extracted From Forest Plants.

Nature's laws are perfect, but disease follows if these laws are not obeyed. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the wild-cherry tree, the root of mandrake, stone, Oregon grape root, queen's root, bloodroot and golden seal, make a scientific, non-alcoholic extract of them with just the right proportions and you have

Doctor Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this pure glyceric extract and alternative of the greatest efficiency and without the use of a particle of alcohol.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of PUBLIC APPROVAL and has sold more largely in the past forty years than any other blood purifier and stomach tonic.

"Some time ago I got out of health—my stomach seemed to be the seat of the trouble," writes Mr. E. W. Williams, of Belleville, Kan. "I commenced to doctor with all the doctors at home as well as with other specialists on stomach and digestive organs. None seemed to do any good—in fact, most of the medicines did me harm. Finally, I wrote to Dr. Pierce, Buffalo, N. Y., who replied, stating that I had liver complaint with indigestion and constipation, and advised Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets'.

"The 'Discovery' and 'Pellets' have put me on my feet again," seemed to be just what I needed. I could not have recovered without them."

Dr. Pierce's Pleasant Pellets are for liver ills.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.
